Anchorage - Klatt Road at C Street Intersection Safety Improvements

State Funding Requested: \$1,000,000
One-Time Need

House District: Anchorage Areawide (17-32)

Brief Project Description:

This project will construct safety and capacity improvements at the intersection of Klatt Road with C Street where Klatt Road extends to the east toward the Old Seward Highway. Funding is proposed as a 60/40 partnership of state grants and local road bonds. This project is on the Anchorage "Other High Priority Transportation Project" list.

Funding Plan:

Total Cost of Project: \$2,750,000

| | <u>Funding Secured</u> | | <u>Other Pending Requests</u> | | <u>Anticipated Future Need</u> | |
|-------------|------------------------|-----------|-------------------------------|-----------|--------------------------------|-----------|
| | <i>Amount</i> | <i>FY</i> | <i>Amount</i> | <i>FY</i> | <i>Amount</i> | <i>FY</i> |
| State Funds | \$650,000 | 2007-2008 | | | | |
| Local Funds | \$200,000 | 2007-2008 | \$900,000 | 2010 | | |
| Total | \$850,000 | | \$900,000 | | | |

Detailed Project Description and Justification:

Improvements are expected to include a round-a-bout, street lighting, drainage, and pedestrian facilities. The 2009 request and local match are expected to fully fund the project for construction in 2010.

Congestion is expected to continue to increase at this intersection with increased use of the C Street extension. Almost 10,000 vehicles a day use this section of C Street while approximately 7,500 are on Klatt Road. Traffic control is currently a stop sign on Klatt Road. As traffic increases on C Street, so are delays for traffic on Klatt Road waiting to turn onto C Street during peak traffic hours. Design is underway.

Project Timeline:

Design, easement acquisition, and utility expenditures will occur in 2009. Construction spending is anticipated in 2010.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Municipality of Anchorage
